## BiblioPlan for Families

### America and World: 1600-1850

**HANDS-ON HISTORY  
AMERICA AND THE WORLD:  
1600-1850  
COOL HISTORY PACKET**

**This packet contains a Cool History page for every week of your BiblioPlan. Each page includes Cool History Questions, a Bonus Question or Activity and a Cool Hands on Activity.**

**Unless noted, all the questions come from the *Story of the World* readings for that week. The chapters are listed under the heading for easy reference. The questions are almost always listed in order to make it easy for the child to find the answers on their own. We suggest students do the questions after listening to or reading all the assigned chapters in *Story of the World* for that week. If more than one chapter or part of a chapter is assigned, then the questions are listed in order of their reading. Answers to all the questions are included at the back of this packet.**

**The bonus questions and activities are not found in the *Story of the World*. They are extra questions or activities that correspond with either the reading, the time period or the country. They are designed to expand your child's knowledge and interest in history. Most of them are easily found using a quick search on the Internet. Answers to all the bonus questions are included at the back of this packet.**

**The Cool Hands-On Activities are family oriented, easy to do and fun! Most materials are easily found and do not require a large amount of planning. Some have directions, and others are just suggestions. Those activities without directions can be found using a quick search on the Internet. The Cool Hands-On Activities correspond to either the reading, the time period, or the country being studied in order to expand your child's knowledge and joy of history.**

**May God richly bless you as you study and learn this year.**
